Open Day 2019
Friday 18th October

www.stangelas.nuigalway.ie/openday
St. Angela’s College, Sligo, a fast growing, dynamic third level institution providing a high quality of education and research in the North West. As a College of the National University of Ireland, Galway, students are provided with University-level education, modern campus facilities, small classes and a strong community environment.

The Campus is ideally located on the scenic shores of Lough Gill only a few minutes from Sligo town. Easy access and good transport links to Sligo allow students to choose to either live on-campus or to seek accommodation in the nearby town. Sligo is a safe, student friendly and welcoming town which provides a lively, social, cultural and entertainment scene.

This summary prospectus provides an overview of the Undergraduate programmes on offer. Additional information on all programmes offered and any aspect of studying at St. Angela’s College, Sligo is available on: www.stangelas.nuigalway.ie

For further information:
• Come along to our Open Day on Friday 18th October 2020
• Meet our students and staff at Career Fairs/Exhibitions nationwide
• Arrange a School Talk or a Campus Visit; Call Seán Kelly on 071-9195512 or Email: schoolsinfo@stangelas.nuigalway.ie
State-of-the-art Facilities
Placements on every Programme
Small Class Sizes
NUI Galway Accredited Programmes
Erasmus+ Opportunities
Practical and Theory Classes
Plenty of Student Accommodation Options
Shuttle Bus Service to/from Sligo Town
Cost of Living in Sligo is considerably less
Sligo is served by good road/rail transport links
Why St. Angela’s?
Why Sligo?
Leaving Certificate Entry Requirements:

Minimum Grade H5 in two subjects and passes in four other subjects at O6/H7 Grades in the Leaving Certificate.

See individual programme descriptions for specific entry requirements. Bachelor of Arts/Professional Masters (Home Economics) and Bachelor of Nursing Science students must satisfy the Garda/police vetting requirements.

Application Process

All applications for Undergraduate Programmes must be made directly to the Central Applications Office (CAO). Further details of application dates and procedures are available on www.cao.ie

Mature Students

A number of places are reserved to facilitate the admission of students who may matriculate by reason of mature years (23 years of age on 1st January of the calendar year of entry to the College) and of students already matriculated who have been some years away from school.

QQI (FET)

Please refer to www.stangelas.nuigalway.ie for specific details on the range of QQI (FET) awards which link to the Colleges Undergraduate programmes.

Diploma in Foundation Studies: Access Course for Higher Education

Our Access programme supports the participation and inclusion of under-represented groups in Higher Education through the following activities:

- Access Course – a Foundation Course for Higher Education for Young Adults and Mature Students
- Schools activities in local primary and secondary schools
- The Higher Education Access Route (HEAR)
- Post Entry Supports

The Access Office works in close cooperation with second level schools, many other third level institutions, state agencies, and a range of community groups to widen participation at third level.

For details of all access programmes, eligibility and application contact the Access Office.
T: 071-919575
E: access@stangelas.nuigalway.ie

St. Angela’s College participates in the DARE initiative. Details on the institutions involvement in the DARE initiative is published on the College website www.stangelas.nuigalway.ie

Please note, the closing date for HEAR/DARE documents is 15th March 2020.

Programme Overview
The Bachelor of Arts (Education, Home Economics and Biology) and Professional Master of Education (with Home Economics) is a concurrent teacher education degree leading to a National Framework of Qualifications (NFQ) Level 9 master’s level award.

After four years students will be awarded a (Bachelor of Arts) B.A. (Education, Home Economics and Biology); an NFQ level 8 honours degree.

In order to qualify to teach, students must progress into Stage 5 which carries the award Professional Master of Education (P.M.E.) at NFQ Level 9. Upon graduation students will meet all the Teaching Council requirements to be registered as a Newly Qualified Teacher (NQT) in Home Economics and Science / Biology.

The programme is an integrated five year process. Students do not have to compete for a place in the fifth stage. However, students must reach the required standard of H2.2 after Stage 4 before they can progress into Stage 5.

Programme Content
The programme consists of three main components: Home Economics, Education and Biology.

The study of Home Economics includes the interrelated areas of Food Studies, Family Resource Management and Textiles, Fashion and Design with underpinning content which includes; Physics, Chemistry, Food Science, Microbiology and Design Studies which are integrated across all years of the programme. At PME level students will extend their professional enquiry in Home Economics and Home Economics Education and will undertake a self-selected research Dissertation in Home Economics Education.

The Education component of the programme provides students with both the foundation studies and professional studies in Initial Teacher Education (ITE). The foundation studies include: Psychology of Education; History and Policy of Education; Philosophy of Education; and Sociology of Education, incorporating Special Education and Development Education. Also addressed are Professional Studies, including Curriculum Studies, Pedagogic Studies/Teaching Methodologies, Information and Communication Technologies and Educational Research. School Placement and microteaching are integral components of the programme and provide a unique interface between education and the subject disciplines. This allows student-teachers to establish the links between the theory, planning and practice of teaching and learning. Students complete their teaching practice in a variety of schools and educational settings.

Biology and related science modules extend over all years of the Bachelor programme with specialisation modules in the following areas: Biological Sciences (Anatomy, Physiology, Microbiology, Biochemistry, Genetics, Zoology, Botany, Ecology, Molecular Biology and Environmental Biology) Physical Sciences (Chemistry & Physics), and Special Methodology of Science and Biology Teaching.

Career Opportunities
Graduates of this programme are qualified to teach Junior Certificate Home Economics, Junior Certificate Science and Leaving Certificate Home Economics and Biology at higher level. Graduates are provided with a professional and academic qualification which enables them to also pursue careers in a wide range of fields including Education, Home Economics and Applied Science. In addition, those with an honours degree have the option to pursue further studies at Postgraduate and PhD levels.
Bachelor of Arts (Education, Home Economics and Religious Education) - Level 8
Professional Masters in Education (with Home Economics) - Level 9

This allows student-teachers to establish the links between the theory, planning and practice of teaching and learning. Students complete their teaching practice in a variety of schools and educational settings.

The subject Religious Education encompasses a broad range of innovative and engaging modules which equip students to excel as teachers of Religious Education at the highest level within the contemporary post primary context. Core modules undertaken include: The Search for Meaning and the Question of God, Biblical Studies, Religions of the World, Introduction to Religious Education, Foundational Ethics, Christianity: Historical and Contemporary Perspectives, Philosophies of Secular Belief, Critical Questions in Religious Education, Ritual and Sacrament, Contemporary Christological Perspectives, Ethical and Moral Issues, Critical Debates in Contemporary Systematic Theology and Biblical Studies, Religious Education Methodology along with optional modules and a student interest led Dissertation.

Career Opportunities
Graduates of this programme are qualified to teach both Home Economics and Religion to Junior Certificate and Leaving Certificate level. Graduates are provided with a professional and academic qualification which enables them to also pursue careers in a wide range of fields including: Education, Home Economics and Religious Education. In addition, those with an honours degree have the option to pursue further studies at Postgraduate and PhD levels. honours degree have the option to pursue further studies at Postgraduate and PhD levels.
Baitsiléir Ealaíon (Oideachas, Eacnamaíocht Bhaile agus Gaeilge) - Leibhéal 8
Máistir Gairmiúil san Oideachas (le Eacnamaíocht Bhaile) - Leibhéal 9

CAO Cód: AS003
Riachtanais Iontrála: Éilítear ar iarratasóirí dhá ghrád H5 Ardleibhéal mar aon le ceithre ghrád O6/H7 Gnáthleibhéil nó Ardleibhéal a bheith bainte amach acu san Ardeisteiméireacht.

Achóimre an gClár
Eacnamaíocht Bhaile le Gaeilge atá creidimnaithe ag O Fáilimh agus a bhfuil aismeanta eagsúil a bhíonn ina measc do na lán leictreachta le haghaidh an gCéad Oideachais Oiliúna a sholáthar do na mic léinn. Ag deireadh an chlár, tá brónairteachtaí sa chlár, dáithíochtaí, fearrannaíochtaí agus scileanna eolasíochtaí den Ghaeilge. Anche leat féin a bhaint amach sa clár? T a bhfuil an gClár Náisiúnta ag Féin náisiúnta?

Íbal le rá fós fadhbanna an cheist ar a dtugtar deis do mhic léinn. T a bhfuil an gClár ina gceannas ar ghearradh den Ghaeilge sa Ghaeltacht.

A Bhábharc an Chlár
- Gaeilge (H5 ar a laghad)
- Aon ábhar eile atá arís le haghaidh chun crosnaíocht eile a d'fhásadh

Tabhair faoi deara: Beidh ar gach mac léinn an bhábharc eile a thabharfaidh do na caitheamh gáire, agus na scileanna atá i n-ainneachta ar a dtugtar "Iontrála".

Tá trí phríomhpháirt sa chlár:
- Eacnamaíocht Bhaile
- Oideachas
- Gaeilge.

Ar na hábharc a ndéantar stáitíor ar thuaidh san Eacnamaíocht Bhaile tá Stáitíor Bia, Bainistíú Acmhaimhí, Teaghlach agus Fíaisiní, Faisnéis agus Dearadh, chomh maith leis na hábharc ghaolmhara seo a leanas: Coincheapanna Eolaíochta, Bia-Eolaíochta, Micirbhithéoloigíocht agus Dearadh. Ag leibhéal na Máistreachta Gairmiúla, tabharfaidh mic léinn faoi mhíon-fhosrúcháin i ngort na hEacnamaíochta Baile agus Oideachas na hEacnamaíochta Baile agus ghlac orthu tráchtas tagtha d'fhéadfadh sna réimsí seo.

Feidhmion é aithne ar an chlár a ghlacadh i gceannas ar an Ghaeilge is mó. T a bhfuil an gClár Náisiúnta ag Féin náisiúnta?

Deiseanna Fostaíochta
Beidh céime, an bhábharc eile, ar chúlaí an Ghaeilge agus an Gaeilge a mhúinteadh ar leibhéal an Téacsraigh agus na hArdeisteiméireachta araon. Bronntar brónairteachtaí, pháipéar agus brónairteachtaí ar na n-oideachas eile, agus na scileanna ar a dtugtar "Iontrála". T a bhfuil an gClár ina gceannas ar ghearradh den Ghaeilge sa Ghaeltacht.

Deiseanna Fostaíochta
Beidh céime, an bhábharc eile, ar chúlaí an Ghaeilge agus an Gaeilge a mhúinteadh ar leibhéal an Téacsraigh agus na hArdeisteiméireachta araon. Bronntar brónairteachtaí, pháipéar agus brónairteachtaí ar na n-oideachas eile, agus na scileanna ar a dtugtar "Iontrála". T a bhfuil an gClár ina gceannas ar ghearradh den Ghaeilge sa Ghaeltacht.

* Tugtar deis do mhic léinn na Gaeilge leibhéal ar leibhéal an teanga labhartha i rith blianta tosaigh an cheist. T a bhfuil an gClár ina gceannas ar ghearradh den Ghaeilge sa Ghaeltacht.

This allows student-teachers to establish the links between the theory, planning and practice of teaching and learning. Students complete their teaching practice in a variety of schools and educational settings.

Students complete their teaching practice in a variety of schools and educational settings.

Irish: Students are able to attain a high level of proficiency in the spoken language over the first four years of the programme, through the provision of communication based language classes. Students will undertake Irish modules such as Irish Literature, Irish Poetry, Drama, Folklore, Place-names, Sociolinguistics and Irish Media and Film Studies.

Based on Teaching Council requirements, students of the Irish elective must spend at least two months over the duration of the programme in a designated Gaeltacht area in order to fully engage with Irish as a community language. Students studying to be a teacher of Irish must undertake a compulsory, certified Gaeltacht residential period of two weeks both at the end of BA1 and BA3 to comply with Teaching Council subject specification to be a registered Irish Teacher.

**Career Opportunities**

Graduates of this programme are qualified to teach both Home Economics and Irish to Junior Certificate and Leaving Certificate level. Graduates are provided with a professional and academic qualification which enables them to also pursue careers in a wide range of fields including; Education, Home Economics and Irish. In addition, those with an honours degree have the option to pursue further studies at Postgraduate and PhD levels.
Bachelor of Arts in Home Economics - Level 8

CAO Code: AS054
Award: Bachelor of Arts in Home Economics - Level 8, honours degree, accredited by NUI Galway
Duration: 4 years
Entry Requirements: Applicants are required to have an established Leaving Certificate (or an approved equivalent) with at least two H5s and four O6s/H7s.

Subject Requirement:
- Irish, English, Mathematics
- Home Economics
- Third Language
- Any one other subjects recognised for entry purposes

There are also opportunities available to students via non-standard entry progression routes including Mature Entry, Access, HEAR and DARE.

Entry Points 2019:
- 390
- 16-32

Average Intake:
- 16-32

Programme Overview
This programme consists of the three core disciplines within Home Economics: Food Studies; Textiles, Fashion, Design; and Family Resource Management and these are taught in every year of the programme.

In year three of the programme students will have the option to either study abroad for five months with one of our partner Universities or to complete a five month work placement in Ireland.

Programme Content
Modules will include but are not limited to:
- Home Economics Studies
- Food Studies
- Sensory Sciences
- Child Development
- Consumer Literacy
- Sociology of the Family
- Family Advocacy in the Community
- Public Health Nutrition.
- Nutrition, Diet and Health
- Interior and Textiles Design
- Health Promotion
- Nutrition
- Fashion, Clothing and Home Design

Programme Overview
The B.Appl.Sc. in Nutrition, Food and Business Management is designed to meet the requirements of the food industry nationally and internationally by providing multi-skilled graduates with the ability to help organisations compete in an increasingly competitive global market place. Over 4 years, the B.Appl.Sc. in Nutrition, Food and Business Management programme seeks to develop competencies in the areas of nutrition, culinary skills, food safety, food quality, new food product development, marketing, management and entrepreneurial thinking. Ultimately, the programme seeks to create graduates with the capacity for developing food products to meet the nutritional needs of the health conscious consumers with dietary restrictions, the elderly and the young.

Programme Content
The Bachelor of Applied Science in Nutrition, Food, and Business Management is a 4 year, Level 8, Honours Degree course.
In Year 1 students will study a variety of introductory modules including Food Preparation, Culinary Skills and Science which consists of practical classes underpinned by theoretical lectures. Further areas of study include Nutrition, Diet and Health, Finance, Marketing, Business Management and Management Information Systems.
In Year 2 students will build on the foundation knowledge of Year 1 and will undertake study in the areas of Applied Culinary Skills, Nutrition through the life cycle, Biochemistry of Nutrition, Food Science, Food Production, Finance, Marketing and Business Management.
In Year 3 students will further enhance their food, nutrition and business knowledge in the areas of Food Processing & Preservation, Diet and Disease, Digital marketing, Marketing Research and Operations Strategy. Additionally, Year 3 of the programme incorporates the possibility of a structured 20 week placement nationally or internationally in a variety of food industries and food related organisations.
In Year 4 students learning will focus on key skills associated with Food Policy, Public Health Nutrition, Biochemistry in Health & Disease, Food Quality Management, Food Innovation, New Product Development, Strategic Management, Entrepreneurship and a Research Project. Students will also receive food safety and quality standard training in HACCP and BRC principles.

Career Opportunities
Graduates of the B.Appl.Sc in Nutrition, Food and Business Management will have attained the knowledge and skills that will enable them to obtain employment in a variety of food and associated industries. Graduates will be equipped with the technical knowledge and skills required to work in a diverse range of careers such as: Food production, New Product Development, Quality Control, Marketing/Sales, Supervision and Management, Consultancy and Research. St. Angela’s College, Sligo and NUI Galway also affords the opportunity to pursue further studies at Postgraduate, Masters and PhD levels.

</tr>
</tbody>
</table>

**Note:** All students undertaking the Bachelor of Nursing Science will be required to complete a Medical Assessment Self Declaration Form and Garda Vetting Enquiry Form.

**Programme Overview**
The Bachelor of Nursing Science (BNSc) – General is a four year degree offered at St. Angela’s College in conjunction with Sligo University Hospital and the HSE-NW. On successful completion of the programme students will be able to present for registration with the Nursing and Midwifery Board of Ireland (NMBI) and practice as a Registered General Nurse (R.G.N.). The overall aim of the programme is to equip students with the knowledge, skills, and attitudes required to become competent analytical and reflective nurses.

**Programme Content**
The programme is modular in structure combing theory and clinical practice modules. The programme is 4 calendar years.

The theoretical content aims to provide students with the knowledge necessary to underpin their professional practice. The theoretical component is composed of two thirds – Nursing Studies, one sixth – Biological Sciences and one sixth Social Sciences. A key objective of the programme is to examine the application of theoretical concepts to nursing practice.

Clinical Practice Placements allow students to draw and integrate the knowledge acquired in the theory sessions. A minimum of 81 weeks are spent in practice. The Clinical Practice Placement provides students with an opportunity to learn the skills of nursing which is supported by Lecturers in Nursing from the College. A significant feature of the programme is that students undertake a paid internship of 36 weeks (including 2 weeks annual leave) in the fourth year of the programme.

**Career Opportunities**
The programme provides graduates with an academic and professional qualification. Graduates can work in both the hospital and community setting. In addition, the degree is recognised internationally which provides graduates with opportunities to travel and work abroad.

Mature Applicants are required by the Nursing Careers Centre (Nursing and Midwifery Board of Ireland) to undergo an aptitude test as a means of ranking applicants for placements.

---

**Programme Overview**

The Bachelor of Nursing Science (BSc) – Intellectual Disability (ID) is a four year degree programme offered at St. Angela’s College in partnership with statutory and voluntary service providers who support persons with an intellectual disability living in a variety of settings across the region. On successful completion of the programme, students will be able to present for registration with the Nursing and Midwifery Board of Ireland and practice as a Registered Nurse Intellectual Disability (R.N.I.D.). The overall aim of the programme is to equip students with the knowledge, skills and attitudes required to become competent, analytical and reflective nurses.

**Programme Content**

The programme is modular in structure combing theory and practice modules. The programme is four calendar years. The theoretical content aims to provide students with the knowledge and skills necessary to underpin their professional practice. The theoretical component is composed of two thirds – Nursing Studies, one sixth – Biological Sciences and one sixth Social Sciences. A key objective of the programme is to examine the application of theoretical concepts to nursing practice applicable to persons with an Intellectual Disability.

Practice placements allow students to draw and integrate the knowledge acquired in the theory sessions. 81 weeks is spent by students in a variety of practice settings. The practice placements provide students with an opportunity to learn the skills of nursing which is supported by lecturers from the Department of Nursing, Health Sciences and Disability Studies. A significant feature of the programme is that students undertake a paid internship of 36 weeks (including 2 weeks annual leave) in the fourth year of the programme.

**Career Opportunities**

The programme provides graduates with both an academic and professional qualification. Graduates can work in a variety of settings – primary care, community homes, schools, education and training organisations, and individuals’ homes. In addition, the degree is recognised internationally so graduates can work all over the world.
What our Graduates say...

“An excellent course that initiates the formation of lifelong friendships amongst peers, offers invaluable opportunities such as experiencing placement abroad and continual support, in which one’s personal and professional development is fostered through. Overall it provides an invaluable basis, establishing the foundations for lifelong learning and professionalism for one’s future nursing career.

Laura Connolly (BNSc General Nursing)"

“The highlight for me was the five month placement in third year. During placement I worked in Marketing, New Product Development, Accounting, IT, Quality and various other aspects of the business. This course equipped me with the skills and knowledge I needed to succeed on placement.

Stephanie Walsh (B.Appl.Sc. Nutrition, Food and Business Management)"

“The course provided me with a variety of clinical placements that enhanced my confidence, learning and overall understanding of working with individuals with an intellectual disability.

Anne Marie Kelly (BNSc Intellectual Disability Nursing)"
One of the core aspects of my course was the combination of theoretical and practical knowledge which we applied each year during school placement. This allowed us to gain invaluable experience which prepared us for our lives as teachers upon graduating from St. Angela’s College.

Clare Roberts
(Home Economics with Biology)

Not only did St. Angela’s introduce me to life-long friends, but to a learning environment where theory and practice marry to equip each of us with the abilities, skills and attitudes to flourish within the teaching profession. The College combines educational tradition and experience with modern and innovative bodies of knowledge, preparing us for an ever evolving educational system.

Aoife Fitzgerald
(Home Economics with Religious Education)

During the course you will get to build on the skills you’ve developed in secondary school, while also getting to a glimpse in to your future career whilst on School Placement. Sa Ghaeilge foghaimeoidh tu roimt mhaith faoin abhor eagsula. Ar ndóigh bionn an fhoghlaim fite fuilte leis an spraoi.

Jackie Nf Dhughaiill
